PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 254A at Wells, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 254A to Wells, Texas as that community's first competing local service. Wells, Texas is an incorporated city with a population of 769 people.¹ Wells has its own mayor, Jerry Ellerbee, its own post office, volunteer fire department, city hall, its own high school and several local churches. Wells is a community that is certainly deserving of local FM service. The proposed channel 254A will provide additional diversity and an outlet for local self-expression to Wells residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 254A can be allocated to Wells, Texas, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

¹ Source, Texas Almanac 2002/2003

Reference coordinates are:

31 29 35 N

94 57 20 W

Should this petition be granted and Channel 254A be allotted to Wells, Texas, Petitioner will apply for Channel 254A at Wells and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

A handwritten signature in black ink, appearing to be 'Charles Crawford', written over a horizontal line.
